

Ecumenism, the Connection to Babylon and the New Adventist Logo

Goran Šušljic

- „Instead of leading the world to render obedience to God's law, the church is uniting more and more closely with the world in transgression. Daily the church is becoming converted to the world.” {Ellen White: 8T 119}

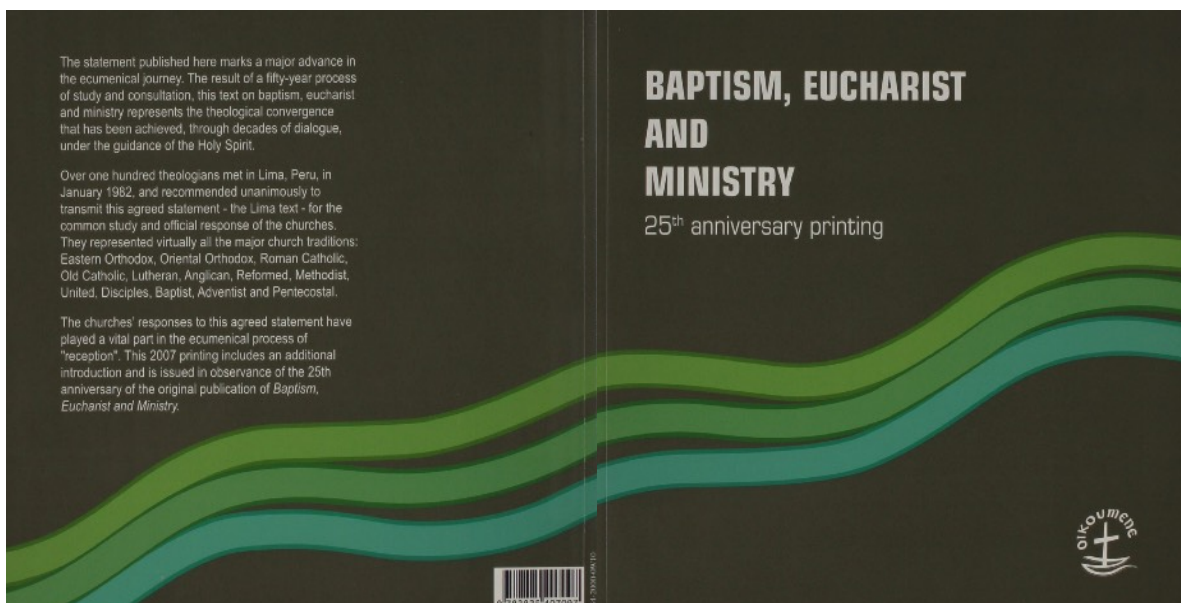

After the official acceptance of the Trinity Doctrine, other churches have publicly stated that our church is no longer a sect. After the first step came ecumenism, distancing from the spirit of prophecy, as well as renouncing the "intolerant" message of the three angels, is slowly but increasingly being implemented by parts of our leadership.

Were the Adventists asked for their consent when a high-ranking preacher from the USA brought in the name of the Seventh-Day-Adventist Church one gold medallion to Pope John Paul II at the Catholic ecumenical meeting?

Later General Conference arguments that he did this independently are pointless. Did he also give this golden gift with engraved official symbols of our church alone without the church and its knowledge? Was he able to announce himself to the Pope as a representative of our church without one letter from General Conference? Did he suffer the consequences after that?

Of course not, because he was also responsible for the meeting with the Catholic representatives during the Pope's visit to the USA, where, in addition to his ecumenical lecture, he called the Pope "Your Holiness"! According to the Bible and the Spirit of Prophecy, the Pope is the representative of the other side! In addition, this title does not belong to any mortal person! This ecumenical meeting was symbolised by the oblique lines on the picture below.

Has our church adapted to that too? Of course yes!, Our Church moved by the depth of the Apostasy forward, and SDA were among the few most active churches in promoting the most important ecumenical idea of the World Council of Churches. That happened through this script with the ecumenical symbol in 1982:

This ecumenical document that we have signed openly contains the requirement that we are no longer allowed to evangelise members of other churches! On the back of the book we can read that our church was among the 13 ecumenical signatories who signed it together with the Pope!

Seventh-day Adventist observer status is just a comforting mask for the members! As a result, we have fallen even lower, than the majority of Protestant churches in the US that still reject the papacy! Is it no longer our task to leave the message of the three angels with the call to Babylon?

According to the Bible, this is still our job, but according to the majority of Adventists it is obviously not anymore, because through such ecumenical acts we call the people to return to Babylon, as some in the people of Israel have called in the desert to return to Egypt! Does the wavy line icon on this "book" look similar to our current icon?

The current logo of our church, with the same wavy lines (as the ecumenical symbol from 1982) (not completely the same, otherwise it would be too obvious), which are only rotated by 90 degrees, replaced the old symbol with the three angels with trumpets through the decision of the General Conference leadership, without the Church having voted on it, even many years later. Was it so urgent that we couldn't wait for General Conference meeting to decide it?

Just as these three angels symbolise the spread of the message of the three angels, the enemy wanted to show through the ecumenical symbol that he had brought the Church of God back to Babylon and silence. But this wasn't the last step!

Encouraged by the mild silence of the majority, came in 2015, as part of the deepening of the Apostasy, SDA made together with the Lutherans one proposal to Pope, that one square in the Vatican should be named after Martin Luther.

This symbolism shows the world that after 500 years of "aberration", Protestants have come back to the "mother church" and back to the papacy. It shows that after so many centuries the Catholic Church has regained control of separated churches as part of the preparation for the mark of the beast, Sunday, which is to be made the worldwide day of rest.

What would Jesus say about relationships with other churches in the last days?

- „And he cryed mightily with a strōg voyce, saying, **Babylon the great is fallen**, is fallen, and is become the habitation of devils, and the hold of euery foule spirit, and a cage of euery vnclane and hatefull bird: For all nations haue drunke of the wine of the wrath of her fornication, and the Kings of the earth haue committed fornication with her, & the Merchants of the earth are waxed rich thorow the abundance of her delicacies. And I heard another voice from heauen, saying, **Come out of her, my people**, that yee be not partakers of her sinnes, and that yee receiue not of her plagues:“ {Revelation 18:2-4}

How do we act instead? We proudly support the other side officially and in the closest circle in their preparation for their mark, just as Judas wanted to force Jesus through betrayal to found a kingdom in Israel! As the last true Church of God in the last days, we voluntarily sign that we are no longer allowed to do missionary work so that we do not embarrass ourselves outside as "fanatics".

We show positive reactions to joint cooperation and participation in ecumenical worship services. We have thereby chosen the path in the wrong direction, because God has called us to leave this world and to warn it, and to proclaim the message of the three angels. In Revelation, Babylon designates all churches with non-biblical theology, led by the head of the Catholic Church, the Pope.

Since the death of Ellen White, according to her announcement (1915), we took the wrong path, and it is logical that we slowly accepted also the Trinity Doctrine afterwards. Are we still on this path? This statement does not serve to reject the last official church of God before His coming, but rather the call that we as God's people awaken and recognise that with the religion of Babylon we claim to be rich even though we are blind.

That we are on the wrong path can also be seen from the fact that we were prevented by the leading circles in the great worldwide distribution campaign of the 'Great Controversy', when they wanted to distribute many millions in English. Instead of the 'Great Controversy', it was printed and worldwide distributed the short version 'Great Hope' with good 100 pages, from which all truths of the three angels' message were removed and also the message that the Pope is the beast from Revelation, because such a book does not interfere with ecumenical sentiments.

The excuse that there are no funds available for the unabridged 'Great Controversy' is pointless, as many private individuals provided the money, and the general conference holds billions of dollars in stocks and in savings accounts, just like the buried treasure mentioned by Jesus. It is really shocking and sad how we left our job while the last few days are running out, when we can still preach freely.

Very soon every preaching of the truth and every spreading of the 'Great Controversy' will be forbidden, because behind the mask of pretended love Pope Francis already indirectly announced that such people should be severely persecuted, as in the Middle Ages:

- „It's true that **you cannot react violently**. **BUT**, if Dr. Gasbarri, my great friend, says something against my mother, he can **expect a punch**. It's normal. It's normal. **You cannot provoke**, you **cannot insult the faith of others**, you cannot make fun of the faith. [...] in the freedom of expression **there are limits**.” {Pope Francis: Aboard the papa plane, Jan 15, 2015}

'The mother' actually means his church, the beast from Revelation. 'To offend the faith' means to preach about the beast. The press spokesman in the Vatican later stated that these words should not be understood as a justification for the terrorist attacks. Who then is being persecuted in that sense? We can see a development of one world religion under the leadership of the Pope, as the Fulfillment of the words in Revelation.
